Adult Protective Services (APS) is a social services program to support older adults and adults with disabilities experiencing abuse, neglect, self-neglect, or financial exploitation. APS programs investigate reports of maltreatment; provide support and, in some cases, case-management; and connect those facing abuse to a variety of protective, emergency, and support services.

The service provider must adhere to the Illinois Department on Aging's Adult Protective Services Standards and Procedures and Midland Area Agency's General Service Requirements.

“Letters of intent” are due at Midland Area Agency, 434 S. Poplar, Centralia, IL 62801 or emailed to [office@midlandaaa.org](mailto:office@midlandaaa.org) on or before close of business on Monday February 28, 2022. The Area Agency on Aging will not respond to a “letter of intent” which is received after the deadline.

The Area Agency will forward a proposal package to each agency which submits a timely “letter of intent”. However, submission of a “letter of intent” and receipt of a proposal package does not obligate an agency to continue participation in the procurement.
